3RD ANNUAL *BRINGING AMERICA BACK TO LIFE* SYMPOSIUM SET TO EMPOWER PRO-LIFERS MARCH 9-10, 2012

Cleveland Right to Life's annual *Bringing America Back to Life* Symposium has become the premier educational platform of Ohio's pro-life community. The two-day event features nationally recognized speakers addressing the challenges and opportunities currently facing the growing Right-to-Life movement. Acclaimed experts in politics, law, culture, science, media, and theology join together to educate and inspire those dedicated to protecting the most vulnerable members of our society.

This year's *Bringing America Back to Life* Symposium, held March 9-10 at Embassy Suites in Independence, features the return of two of our most popular and respected speakers: Star Parker, nationally syndicated columnist, political consultant, and commentator, will host the event; and Hugh Hewitt, nationally syndicated radio show host, best-selling author, and political pundit, will moderate a candidates' forum on life issues.

Civil rights activist Dr. Alveda King, Live Action founder Lila Rose, and *Lifenews.com* Editor Steven Ertelt are scheduled to speak, as are abstinence-education advocate Valerie Huber, and Reggie Littlejohn, an expert on China's One-Child policy. Prolific conservative author Dr. Benjamin Wiker, TV host Michael Voris, and Tony Miano, Director of the Internet-sensation [180-The Movie](#) are just a few of the others who will be a part of 2012's exciting lineup.

Past *Bringing America Back to Life* Symposiums have featured a spirited debate between best-selling Christian author and philosopher Dinesh D'Souza and atheist Dan Barker; former abortion clinic director Abby Johnson's insider's look at Planned Parenthood; Immaculée Ilibagiza's harrowing story of surviving the Rwandan genocide; and keynote speeches by Archbishop Charles Chaput, EWTN personality Raymond Arroyo, Fr. Frank Pavone of Priests for Life, and Princeton Professor Robert George.
